

# Tyler Seidenberg

Tyler Seidenberg is the creator of the ty`SOLOS series and is a multi-award winning composer/pianist/singer. Born in Oakville, Ontario Canada, he discovered his love for composing at the early age of ten. At age twelve he recorded his first CD with nine original songs and performed two of them on national TV. After graduating from the Canadian National Conservatory of Music at age 17 with a Performer`s Associate Diploma, he recorded a second CD with two original classical style compositions and other famous serious works from Bach to Gershwin. Tyler traveled North America for three years as the drummer and actor in the popular children`s stage show and animated series, *GODROCKS* before he left for California to study music at Azusa Pacific University. After two years in the U.S., Tyler returned home to continue his education and received an audio engineering diploma from the Number 9 Toronto Recording Studio.

His love for composition resulted in the ty`SOLOS series, which was published in the summer of 2006 with the wonderful and greatly appreciated support of his friend Susan Mander. Since then, the series has spread across the country with growing excitement from students, parents and teachers. The success of the series has resulted in more books including tyDUETS which was introduced in the summer of 2008.

Tyler is currently traveling with the award-winning trio *Carried Away* as pianist and singer, and when not on the road, he is busy composing, arranging, accompanying, teaching and leading workshops at private music functions and schools. Tyler continues to work on more ideas for students and teachers and thanks everyone for their support.
